● Objective:

Enthusiastic first-year Cybersecurity student eager to apply knowledge of network security, ethical hacking, and risk assessment. Seeking an internship opportunity to gain hands-on experience and contribute to a dynamic team.

● Education:

Bachelor of Technology in Cybersecurity

Sanjivani University, Kopargaon, Maharashtra
Expected Graduation: [June, 2028]

Relevant Coursework: Introduction to Cybersecurity, Networking Fundamentals, Computer Programming, Information Security Principles.

● Technical Skills:

Programming Languages: HTML/CSS,C++

Operating Systems: Windows, Linux

Tools: Nmap

Concepts: Network Security, Ethical Hacking, Risk Assessment, Security Policies

● Projects:

1. **Personal Cybersecurity Lab**

Set up a virtual lab environment using VMware to practice penetration testing and vulnerability assessments. Conducted simulations to identify and mitigate security threats.

2. **Website Security Analysis**

Analyzed a personal website for vulnerabilities using tools like Nmap and OWASP ZAP. Documented findings and implemented security improvements, increasing site resilience.

● Experience:

Assisted with troubleshooting hardware and software issues, providing technical support to users.

● Certifications

CompTIA Security+ (in progress)

Cisco Cybersecurity Essentials (in progress)

● Extracurricular Activities

Cybersecurity Association JS **Sanjivani University**

Collaborate with peers to organize workshops and seminars on emerging cybersecurity topics.
